**SUGA ELECTRONICS ACHIEVES CERTIFICATE OF MERIT
FOR ENVIRONMENTAL EXCELLENCE**

* * *

(Hong Kong, 17 May 2010) – **SUGA International Holdings Limited** (“SUGA” / the “Group”) (stock code: 912), a leading Electronic Manufacturing Services (“EMS”) provider, is pleased to announce that its subsidiary **Suga Electronics (Shenzhen) Co., Limited** has recently been awarded the 2009 Certificate of Merit in the Manufacturing Sector within the Hong Kong Awards for Environmental Excellence (“HKAAE”).

The HKAAE has been recognised as one of the most prestigious and reputable award schemes for environmental protection best practices in Hong Kong. Aiming to encourage business and organisations to adopt green management and benchmark their commitments towards best practices, the Sectoral Awards scheme of HKAAE grants awards to organisations from designated sectors with distinguished performance in “Green Leadership”, “Programme and Performance” and “Partner Synergy” categories.

Dr. C.H. Ng, Chairman of SUGA, said, “Environmental and sustainability issues are becoming increasingly important throughout the business community. As a leading EMS provider, SUGA has always demonstrated environmental responsibility as an integral part of the company’s procedures. Through initiating green management measures in daily operations and adhering diligently to environmental safety codes, we believe we are not only fulfilling our corporate responsibility to the community, but are also increasing our business competitiveness.”

Through its dedication to green manufacturing, SUGA has also achieved additional related credentials including Green Mark Certificate, ISO14001, QC 080000, RoHS & WEEE Compliance and the GPMS Certificate.
